PROFILE

Highly skilled and detail-orientated music composer, audio engineer, sound designer, singer/songwriter, and performer with over two decades of professional experience in the field. Expert in music and sound editing software, sampling, arranging, and programming. Multi-instrumentalist who is familiar with a wide variety of musical genres, including African, Folk, Funk, Rock, Hip Hop, R&B, Electronic, and Orchestral, with extensive experience in film, TV and commercial scoring. Driven, creative, pro-active and productive. Years of studio and artist management, client relations, and contributions to high-end global projects have honed an ability to perform well under pressure.
